Thank you team for your effort in implementing the Jan release. The first release of new "Agency" is a significant milestone for us. Though there were a few bumps along the way, we made it through. Hopefully this will prepare us for the future. Congratulate each of you on this accomplishment.

Sumit, Ankit, Supratim, Avik, Rahul, Kohinoor,

**DCS AVM Team,**

I would like to thank you all for your continued efforts over the last couple of months for the DCS January release. I know it was not easy and we had our share of problems on the way, but you took up the challenge and saw it to conclusion this last weekend. There were a few hiccups in Production but you worked tirelessly for more than 24 hours continuously to make sure that those were ironed out as soon as possible. So, thank you again... Having said that, this is not the end of the journey, so keep up the good work... let's target a perfect release next time.

**Supratim, Rahul, Kohinoor,**

The DCS release would not have been possible without your contributions. You never turned down any of our requests and made time on top of your already packed schedules to help the team.

THANK YOU !!!

**Sumit, Ankit, Supratim, Avik,**

Thank you for helping out the team late into the night when they were struggling with the problems in Productions. Really appreciate your help!!

Thanks and Regards,  
Arindam Chatterjee
